Description :

PDF-e33fb | This fascinating study is the first detailed description of the ancient and enduring trade in beads that spans more than two millennia and once stretched from the Middle East to East Asia and affected areas as far apart as West Africa and the American Pacific coast. Beads are universal and among the earliest art forms. Made of glass, semiprecious stone, or precious organic materials such as amber ... *Asia's Maritime Bead Trade: 300 B.C. to the PResent*
