Description :

PDF-0d1ad | Public companies acquire most of their outside capital from debt financing and, more specifically, leveraged finance--an asset class that falls somewhere between traditional fixed income and stocks. While this type of debt financing carries significant risk to both investors and companies, the potential returns make leveraged finance a cornerstone of the modern financial markets. Leveraged Finance... *Leveraged Financial Markets: A Comprehensive Guide to Loans, Bonds, and Other High-Yield Instruments (McGraw-Hill Financial Education Series)*
