Description :

PDF-0e308 | The relationship between government, virtue, and wealth has held a special fascination since Aristotle, and the importance of each frames policy debates today in both developed and developing countries. While it's clear that low-quality government institutions have tremendous negative effects on the health and wealth of societies, the criteria for good governance remain far from clear. In this ... *The Quality of Government: Corruption, Social Trust, and Inequality in International Perspective*
