Description :

PDF-eff76 | Post-conflict economic reconstruction is a critical part of the political economy of peacetime and one of the most important challenges in any peace-building or state-building strategy. After wars end, countries must negotiate a multi-pronged transition to peace: Violence must give way to public security; lawlessness, political exclusion, and violation of human rights must give way to the rule of ... *Rebuilding War-Torn States: The Challenge of Post-Conflict Economic Reconstruction*
