Description :

PDF-fb87e | Making predictions about the future is always tricky. But there is one prediction that author Rob Bernshteyn is quite confident in making: Across a host of industries, we will move to a model that he calls value as a service. It is already common knowledge that many traditional-products companies are converting the delivery of their offerings to the as-a-service model. With the completion of this ... *Value as a Service: Embracing the Coming Disruption*
