Description :

PDF-c5eb2 | GDP is much more than a simple statistic. It has become the overarching benchmark of success and a powerful ordering principle at the heart of the global economy. But the convergence of major economic, social and environmental crises has exposed the flaws of our economic system which values GDP above all else as a measure of prosperity and growth. In this provocative and inspiring new book, politi... *The World After GDP: Politics, Business and Society in the Post Growth Era*
